

notice,⁸ Commerce intends to issue assessment instructions to CBP no earlier than 35 days after the date of publication of the final results of this review in the **Federal Register**. If a timely summons is filed at the U.S. Court of International Trade, the assessment instructions will direct CBP not to liquidate relevant entries until the time for parties to file a request for a statutory injunction has expired (*i.e.*, within 90 days of publication).

Cash Deposit Requirements

The following deposit requirements for estimated antidumping duties will be effective upon publication of the notice of these final results of review for all shipments of flanges from Spain entered, or withdrawn from warehouse, for consumption on or after the date of publication as provided by section 751(a)(2) of the Act: (1) The cash deposit rate for ULMA, Grupo Cunado, Tubacero, S.L., Ateaciones De Metales Sinterizados S.A., Transglory S.A., Central Y Almacenes, Friedrich Geldbach GmbH, and Farina Group Spain will be 1.41 percent; (2) for merchandise exported by producers or exporters not covered in this review but covered in a prior segment of the proceeding, the cash deposit rate will continue to be the company-specific rate published for the most recent period; (3) if the exporter is not a firm covered in this review, a prior review, or the original investigation, but the producer is, then the cash deposit rate will be the rate established for the most recent period for the producer of the merchandise; (4) the cash deposit rate for all other producers or exporters will continue to be 18.81 percent;⁹ the all-others rate established in the less-than-fair-value investigation. These cash deposit requirements shall remain in effect until further notice.

Notification to Importers

This notice serves as a final reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this POR. Failure to comply with this requirement could result in Commerce's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.

⁸ See *Notice of Discontinuation of Policy to Issue Liquidation Instructions After 15 Days in Applicable Antidumping and Countervailing Duty Administrative Proceedings*, 86 FR 3995 (January 15, 2021).

⁹ See *Order*, 82 FR 27229.

Notification to Interested Parties Regarding Administrative Protective Order

This notice also serves as the only reminder to parties subject to administrative protective order (APO) of their responsibility concerning the disposition of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3), which continues to govern business proprietary information in this segment of the proceeding. Timely written notification of the return or destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and the terms of an APO is a sanctionable violation.

We are issuing and publishing this notice in accordance with sections 751(a)(1) and 777(i)(1) of the Act and 19 CFR 351.213(h).

Dated: April 28, 2021.

Certain Steel Nails From the People's Republic of China: Final Results of Antidumping Duty Administrative Review, Final Determination of No Shipments and Final Partial Rescission, 2014-2015; Correction

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

ACTION: Notice; correction.

SUMMARY: The Department of Commerce (Commerce) published a notice in the **Federal Register** of March 20, 2017 in which Commerce announced the final results of the 2014-2015 administrative review of the antidumping duty (AD) order on certain steel nails (nails) from the People's Republic of China (China).

This notice contained incorrect information regarding the companies: For which Commerce rescinded the administrative review; for which Commerce made a final no shipments determination; and that Commerce assigned to the China-wide entity.

FOR FURTHER INFORMATION CONTACT:

Benito Ballesteros, AD/CVD Operations, Office V, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482-7425.

SUPPLEMENTARY INFORMATION:

Correction

In the **Federal Register** of March 20, 2017, in FR Doc. 2017-05429, on page 14345, correct the first and second paragraph of the "Final Partial Rescission of Antidumping Duty Administrative Review" section to read:

Pursuant to 19 CFR 351.213(d)(1), Commerce will rescind an administrative review, in whole or in part, if a party who requested the review withdraws the request within 90 days of the date of publication of notice of initiation. Mid Continent Steel & Wire, Inc. (the petitioner) withdrew its request for an administrative review on: Besco Machinery Industry (Zhejiang) Co., Ltd.; Cana (Tianjin) Hardware Industrial Co., Ltd.; Certified Products International Inc.; Chiieh Yung Metal Industrial Corporation; China Staple Enterprise (Tianjin) Co., Ltd.; Huanghua Jinhai Hardware Products Co. Ltd.; Huanghua Xiong Hua Hardware Product Co., Ltd.; Huanghua Yufutai Hardware Products Limited; Jining Huarong Hardware Products; Liaocheng Minghui Hardware Products Co., Ltd.; Nanjing Yuechang Hardware Co., Ltd.; PT Enterprise Inc.; Shandong Oriental Cherry Hardware Group; Shandong Oriental Cherry Hardware Import & Export Co., Ltd.; Shandong Qingyun Hongyi Hardware Products Co., Ltd.; Shanghai Yueda Fasteners Co., Ltd.; Shanxi Tianli Enterprise Co., Ltd.; Shanxi Yuci Broad Wire Products Co., Ltd.; Smart (Tianjin) Technology Development Co., Ltd.; Tianjin Hongli Qiangsheng Import and Export Co., Ltd.; Tianjin Juxiang Metal Products Co.; Tianjin Lianda Group Ltd.¹ Tianjin Zhonglian Metals Ware Co., Ltd.; and Xi'an Metals & Minerals Import & Export Co., Ltd. No other party requested a review of these companies.²

¹ We note that "Tianjin Lianda Group Co. Ltd." is subject to this review and is part of the China-wide entity.

² The petitioner withdrew its request for: Hebei Cangzhou New Century Foreign Trade Co. Ltd; Nanjing Caigong Hardware Co., Ltd.; Tianjin Jinghai County Hongli Industry & Business Co., Ltd.; and Tianjin Universal Machinery Import & Export Corp. However, these companies also self-requested a review. Therefore, we have not rescinded this review with respect to these four companies. The petitioner also withdrew its request for Mingguang Abundant Hardware Products Co., Ltd. However, in the *Preliminary Results*, we found Mingguang Abundant Hardware Products Co., Ltd. to be the same company as Mingguang Ruifeng Hardware

Accordingly, we are rescinding this review, in part, with respect to the companies identified above, pursuant to 19 CFR 351.213(d)(1).

In the **Federal Register** of March 20, 2017, in FR Doc 2017–05429, on page 14345, correct the first paragraph of the “Final Determination of No Shipments” section to read:

In the *Preliminary Results*, Commerce preliminarily determined that Zhejiang Gem-Chun Hardware Accessory Co., Ltd. (Zhejiang Gem-Chun) did not have any reviewable transactions during the POR.³ Consistent with Commerce’s assessment practice in non-market economy (NME) cases, we completed the review with respect to Zhejiang Gem-Chun. Based on the certifications submitted by Zhejiang Gem-Chun, and our analysis of CBP information, we continue to determine that the company did not have any reviewable transactions during the POR. As noted in the “Assessment Rates” section of the *Final Results*, Commerce intends to issue appropriate instructions to CBP for Zhejiang Gem-Chun based on the final results of this review.

In the **Federal Register** of March 20, 2017, in FR Doc 2017–05429, on page 14345, after the “Final Determination of No Shipments” section, add section “China-Wide Entity” to read:

In the *Preliminary Results*, we found that 14 companies, Cana (Tianjin) Hardware Industrial Co., Ltd., China Staple Enterprise (Tianjin) Co., Ltd., Huanghua Jinhai Hardware Products Co. Ltd, Huanghua Xiong Hua Hardware Product Co., Ltd., Huanghua Yufutai Hardware Products Limited, Liaocheng Minghui Hardware Products Co., Ltd., Mingguang Abundant Hardware Products Co., Ltd., Qingdao D&L Group Co., Ltd., Shandong Qingyun Hongyi Hardware Products Co., Ltd., Shanghai Yueda Fasteners Co., Ltd., Shanxi Tianli Enterprise Co., Ltd., Smart (Tianjin) Technology Development Co., Ltd., Tianjin Hongli Qiangsheng Import and Export Co., Ltd., and Tianjin Lianda Group Ltd., for which a review was requested had not established eligibility for a separate rate and, thus, we considered them to be part of the China-wide entity.

Products Co., Ltd. because the company changed its English name. Because Mingguang Ruifeng Hardware Products Co., Ltd. self-requested a review, we have not rescinded this review with respect to the company(ies). Similarly, we find Qingdao D&L Group, Ltd. and SDC International Australia (PTY) Ltd. to be the same as Qingdao D&L Group Co., Ltd. and SDC International Aust. PTY. Ltd., respectively, which self-requested a review. Therefore, we have not rescinded this review with respect to Qingdao D&L Group, Ltd. and SDC International Aust. PTY. Ltd.

³ In the *Final Results*, Commerce inadvertently included Besco Machinery Industry (Zhejiang) Co., Ltd., Jining Huarong Hardware Products, Nanjing Yuechang Hardware Co., Ltd., PT Enterprise Inc., and Shanxi Yuci Broad Wire Products Co., Ltd. in the no shipments category. However, the petitioner made a timely request to rescind the review on these companies. Therefore, Commerce has removed these companies from the no shipments category.

However, this list was incorrect. Mingguang Abundant Hardware Products Co., Ltd., under its new name Mingguang Ruifeng Hardware Products Co., Ltd., and Qingdao D&L Group Co., Ltd., under Qingdao D&L Group Ltd., were granted separate rate status. For the remaining companies, except Tianjin Lianda Group Co., Ltd., Commerce has rescinded the review, as noted above.

For the *Final Results*, we find that, for two companies, Suzhou Xingya Nail Co., Ltd. and Tianjin Lianda Group Co., Ltd., we have not received any information since the issuance of the *Preliminary Results* that provides a basis for reconsidering this preliminary determination. Therefore, Commerce continues to find that Suzhou Xingya Nail Co., Ltd. and Tianjin Lianda Group Co., Ltd. are part of the China-wide entity.

Background

On March 20, 2017, Commerce published in the **Federal Register** the final results of the 2014–2015 administrative reviews of the AD order on nails from China.⁴ This notice contained incorrect information regarding the companies for which Commerce: (1) Rescinded the administrative review; (2) made a final no shipments determination; and (3) assigned the entities to the China-wide entity.

Notification to Interested Parties

This notice is issued and published in accordance with sections 751(a)(1) and 777(i) of the Tariff Act of 1930, as amended.

Dated: April 29, 2021.

SUPPLEMENTARY INFORMATION: The National Advanced Spectrum and Communications Test Network (NASCTN) is hosting a public meeting on the conclusion of their project Characterizing User Equipment Emissions on May 13, 2021 at 10:00 a.m.–12:30 p.m. Mountain Daylight Time. The purpose of this meeting is to bring together federal, industry, and academic stakeholders; to disseminate NASCTN’s findings; and to share information.

This project characterizes cellular emissions (LTE uplinks) to support interference models used to coordinate commercial carrier deployments in the AWS–3 band (1755–1780 MHz band) with Department of Defense systems that remain in the band. This effort consisted of two parts: (1) A Factor Screening effort which identified the key factors impacting emissions, and (2) characterization of factors impacting UE uplink emissions when closed-loop power control is enabled in the cell, and models of the emissions over operational scenarios. The output of this work can aid in the development of emissions models and interference calculations in the AWS–3 band and beyond.

More information about this project can be found on our website: <https://www.nist.gov/programs-projects/characterizing-user-equipment-emissions>.
